

# CHERYL BOUGIE, BSN, RN, OCN

*Nurse Navigator, Center for Cancer Care*

*The Center for Cancer Care at Exeter Hospital provides comprehensive, compassionate care for a wide range of cancers and blood disorders. We offer radiation oncology, medical oncology and hematology, surgical oncology, integrative oncology, genetic testing and clinical trials. Our multidisciplinary clinics, patient navigator and second opinion clinics provide you with unique services and conveniences. Our relationship with the Massachusetts General Hospital Cancer Center brings leading medical and radiation oncologists to the Seacoast region, providing exceptional care close to home. Patients also have access to a wide range of Mass General specialists if necessary.*

The cancer treatment process can be emotionally overwhelming. Our nurse navigator, Cheryl Bougie, guides patients through the journey from diagnosis through survivorship, step-by-step. Here are some of the services she provides:

- Help patients understand their diagnosis
- Review treatment options as presented by physicians
- Review any appropriate clinical trials
- Connect patients with providers and specialists as needed
- Provide information on all support resources available
- Answer patient questions
- Assist with coordinating appropriate referrals
