

Paige Fagan, OTR/L

Occupational Therapist

Paige joined the Pediatric Rehabilitation Team at Exeter Hospital in 2017 to work as part of a multidisciplinary team and to expand her knowledge and clinical reasoning skills with the support of experienced mentors. She enjoys collaborating with children and their families, empowering them through education, and supporting family relationships to improve overall participation in daily activities. She has experience working in the outpatient clinic and preschool settings. As an occupational therapist, Paige's goal is develop strong connections with children and help them reach their maximum potential through meaningful therapy. Outside of work, Paige can be found by the water either sailing or at the beach. She volunteers with adaptive sailing programs to share her passion for the sport.
